

# PROGRAMS, MATERIALS AND SERVICES FOR 'TWEENS

How to plan programs and  
services and offer quality  
appropriate materials for  
children ages 9-12

'Tweens, children ages 9-12, often "fall through the cracks" when it comes to library programs and services. They may be too old for children's programs/services and not yet old enough for teen programs/services. This workshop will focus on serving the 9-12 age group and offering a smooth transition for them as they move out of the children's room and into the teen/adult room.
